RE: Protocol entitled, "Low-Level Constraints on High-Level Selection"

**Notice of IRB Review and Approval
Continuing Review**

The continuation request for the project identified above has been reviewed and approved by the Committee for Protection of Human Subjects (CPHS), the University of Oregon Institutional Review Board (IRB). The IRB has approved the research to be conducted as described in the attached materials. As a reminder, it is your responsibility to submit any proposed changes for IRB review and approval prior to implementation.

For this research, the following determinations have been made:

- **This study has been reviewed under the pre-2018 Common Rule.** The study has been determined to be no greater than minimal risk and to qualify for expedited review as per Title 45 CFR 46.110 under Categories 4, 6, & 7.
 - **Continuing Review is required for this study.**

Approval period: April 10, 2019 - April 09, 2020

If you anticipate the research will continue beyond the IRB approval period, you must submit a **Continuing Review Application** at least 45-days prior to the expiration date. **Without continued approval, the protocol will expire on April 09, 2020 and human subject research activities must cease.** A closure report must be submitted once human subject research activities are complete. Failure to maintain current approval or properly close the protocol constitutes non-compliance.

You are responsible for adhering to the *Investigator Agreement* submitted with the initial application for IRB review. The responsibilities of the agreement are reiterated at the end of this letter below. You are responsible for conduct of the research and must maintain oversight of all research personnel to ensure compliance with the IRB approved protocol.

The University of Oregon and Research Compliance Services appreciate your commitment to the ethical and responsible conduct of research with human subjects.

Sincerely,

Lizzy Utterback
Research Compliance Administrator
