

# Western Hardwood Association 2022 WHA Scholarship Award

The WHA Scholarship award reflects the association's commitment to provide financial assistance to students pursuing a career in the western hardwood and affiliated industries. The 2022 awards will consist of at least 2 scholarships for up to \$2,500 each. Additional scholarships could be awarded depending on the quality of the submissions. Scholarship awards are in the form of checks made payable to the student.

In addition to the scholarship awards, a list of the scholarship nominees will be distributed to all members of the WHA. These companies will be encouraged to consider these nominees when making their summer and full-time hiring decisions. By submitting an application, you are distributing your academic achievements and career aspirations to more than 100 companies in the western hardwood and related industries. Applicants are encouraged to familiarize themselves with the WHA and learn of the many diverse career opportunities the industry has to offer.

## ELIGIBILITY

Student must be:

- a citizen or permanent legal resident of the US, Canada or Mexico.
- enrolled full-time in undergraduate or graduate study for the spring of 2022.
- enrolled in one of the following academic majors:

## ABOUT WHA

The Western Hardwood Association is a non-profit association with the mission of being an "Authoritative resource for a sustainable, profitable, and growing Western hardwood industry." The association was founded in 1955 to assist western US hardwoods to a position of prominence in the manufacturing of fine furniture, cabinets, doors, and pallets. We have a diverse membership that includes sawmills, manufacturers, remanufacturers, pallet producers, wholesalers, landowners, timber owners and service organizations (e.g., freight companies, truckers, consultants, etc.). WHA represents all western hardwoods, helping its members through Education Programs, Networking, Political Support, Newsletters and other industry specific programs.
